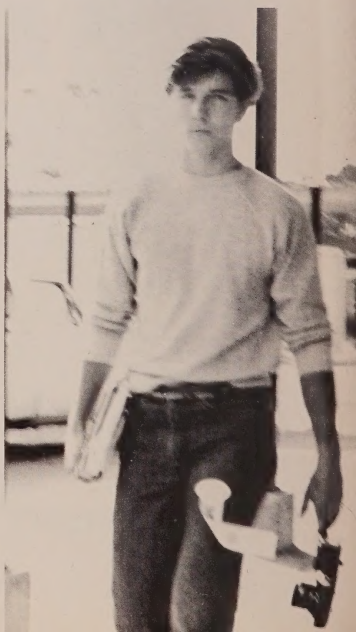
JACKET BUZZ
VERNON HIGH
80
VERNON FLORIDA
VOLUMN 32

"Do you know where you're going to?" That's how the song begins, and the way our story begins. This is it: we never thought this moment would come, but, in fact, this year has traveled by fast. Now as we look back upon our school years we look at all the things we've planned, all the dreams we held onto, and the ones we let slip through our hands. Now it's time to start making the new dreams for our future.



We have here the photographs that take us back to the time when we were just starting out. If there was a way, I'd save every day like a treasure—hoping that in the future when I open it all of you would be there.

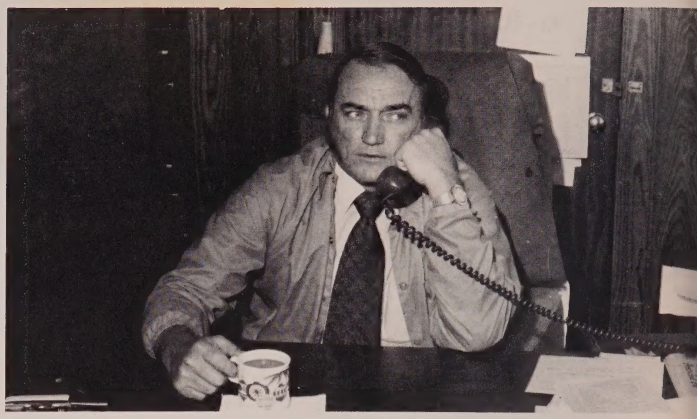
EDUCATORS

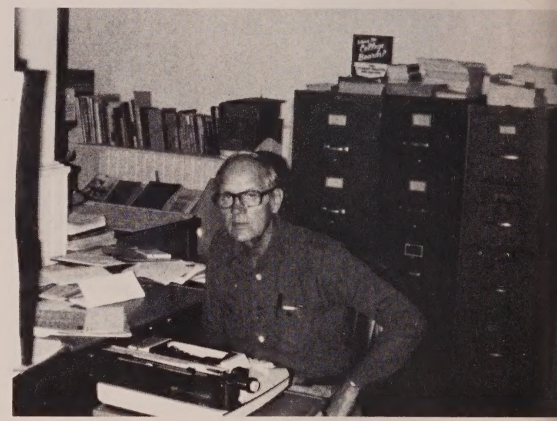
ADMINISTRATION

Mr. Tyre, in his third year as principal of Vernon High School, has helped to create an atmosphere of mutual trust and respect. He has made himself accessible to both students and faculty at all times. In the last three years, he has established a faculty and staff that is enthusiastic, interested, and most of all knowledgeable.

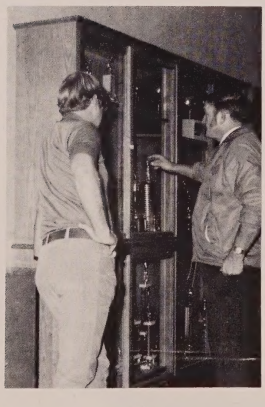


Mr. Jerry Tyre, Principal

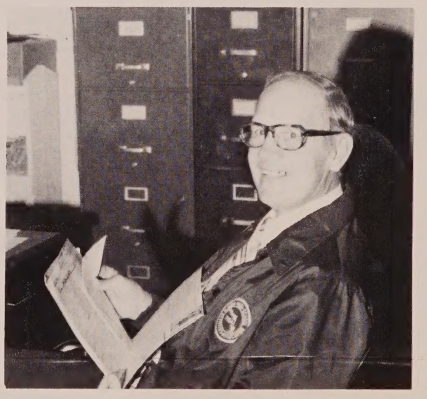
Mr. Michael Welch, Assistant Principal



"Who invented all this testing, anyway?"



"No, Phil, you're not responsible for that one either."



Mr. Herman Shaddix, Guidance Counselor

"Mrs. Dorch, I thought you said my baseball cards were in here!"

JUNIORS
THE CLASS OF '81

The members of the Junior Class showed a lot of pride in themselves and in what they accomplished. They proved that absolutely nothing is impossible if everyone puts forth effort, and all work together. Going over their $4,000 goal in magazine sales, the Juniors started off their year with a bang, and continued working hard all year. So to this year's Junior Class and their sponsors, we say, "Congratulations on being an outstanding class!"

SENIORS

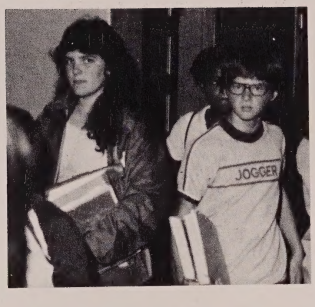
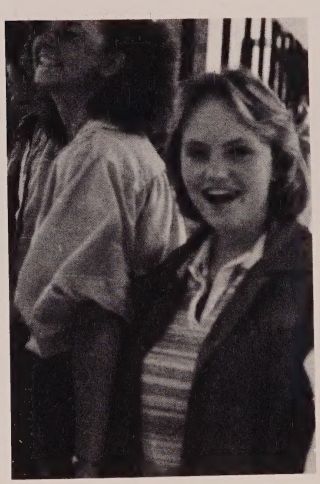
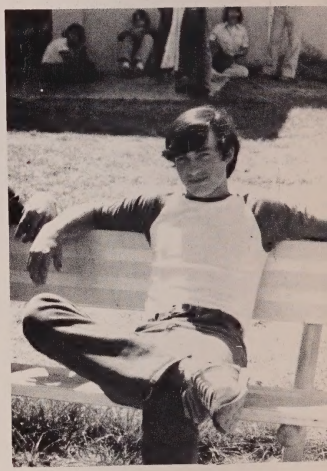
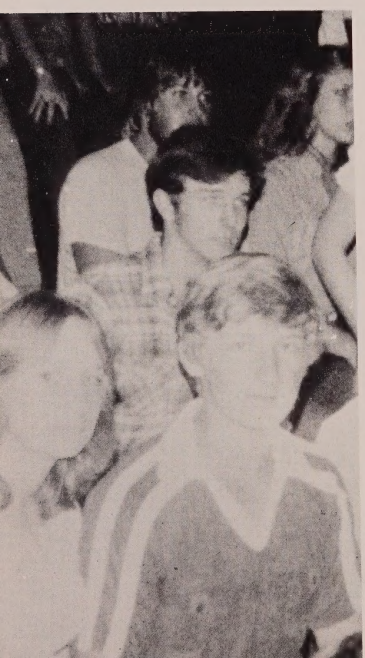
As the year comes to a close, we look at life now and think it is fading, but it is really only just beginning. It's like the mistiness in the road ahead, growing brighter with every step we take closer to that new horizon.

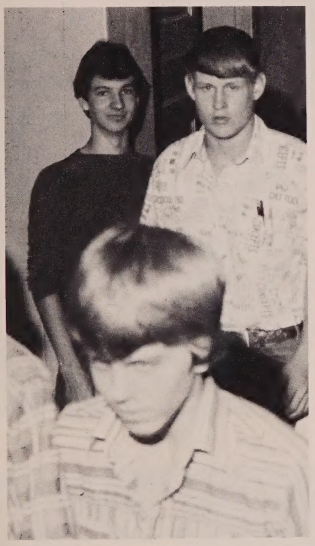


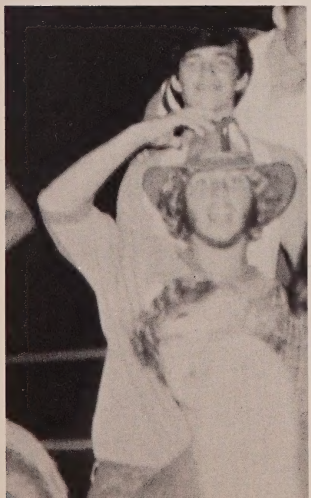


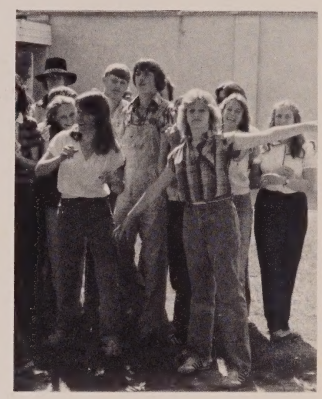


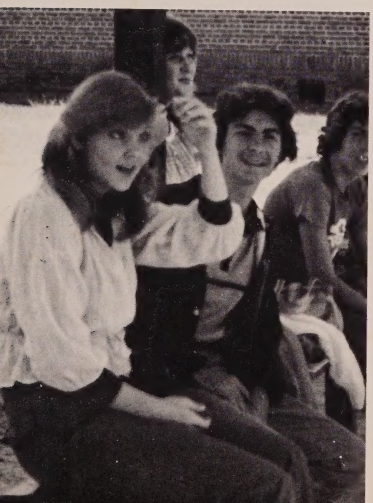


Individually and as a participant in the activities here, each person develops his own values and goals. We are aware of our surroundings, values and most importantly, what we gain from each and every day. As a student we learn about life, about others, and above all, about ourselves. Everyone "did his own thing," which gave us our individuality—yet deep down inside we are all the same. We're equal in everything.









As we look back and see all that has been accomplished, we can pat ourselves on the back, with dignity, for we shall know of nothing else. We are now moving on to go our separate ways. In returning, we shall come back with the knowledge to understand everything we have learned. "Do you know what you're hoping for?" "Do you know where you're going to?" "Do you know?"
